LAMPES A PORTER

Poldina Lido is a battery-operated, portable and rechargeable table lamp, featuring a ceramic lampshade, made and hand-painted in Italy. The partnership with a long-established factory in Civita Castellana - a village near Rome, where the art of ceramics has been practised since the 10th century BC - allows Zafferano to rely on the exclusive manufacture of made in Italy products, which are hand-decorated according to the company's own design.
